

# North Carolina - EDRR Target Species – May, 2010.

Randy G. Westbrooks, U.S. Geological Survey. Whiteville, N.C.

<b>Federal and/or State Regulated Early Detection Species (Not Known to Occur in State)</b>
- Branched Broomrape ( <i>Orobanche ramosa</i> )
- British Yellowhead ( <i>Inula britannica</i> )
- Cogongrass ( <i>Imperata cylindrica</i> )
- Goatsrue ( <i>Galega officinalis</i> )
- Japanese Dodder ( <i>Cuscuta japonica</i> )
- Giant Hogweed ( <i>Heracleum mantegazzianum</i> )
- Caulerpa – Marine Alga ( <i>Caulerpa taxifolia</i> )
- Mile-a-minute Vine ( <i>Persicaria perfoliata</i> )
- Puncturevine ( <i>Tribulus terrestris</i> )
<b>Unregulated Early Detection Species (Not Known to Occur in State)</b>
- Old World Climbing Fern ( <i>Lygodium microphyllum</i> )
- Wavyleaf Basketgrass [ <i>Oplismenus hirtellus</i> (L.) - P. Beauv. Subspecies <i>undulatifolius</i> (Ard.) Roem. & Schult.]
- Crested Floating Heat ( <i>Nymphoides cristata</i> )
<b>Federal and/or State Regulated EDRR Species (Species with Limited Distribution in State)</b>
- Beach Vitex ( <i>Vitex rotundifolia</i> )
- Bushkiller ( <i>Cayratia japonica</i> )
- Giant Salvinia ( <i>Salvinia molesta</i> )
- Hydrilla ( <i>Hydrilla verticillata</i> )
- Itchgrass ( <i>Rottboellia cochinchinensis</i> )
- Purple Loosestrife ( <i>Lythrum salicaria</i> )
- Small Broomrape ( <i>Orobanche minor</i> )
- Tropical Soda Apple ( <i>Solanum viarum</i> )
- Tropical Spiderwort ( <i>Commelina benghalensis</i> )
- Witchweed ( <i>Striga asiatica</i> )
<b>Unregulated EDRR Species (Species with Limited Distribution in State)</b>
- Canada Thistle ( <i>Cirsium arvense</i> )
- Deeprooted Sedge ( <i>Cyperus enterianus</i> )
<b>Other Invasive Plants of Special Concern (Species with Limited Distribution in the State)</b>
- Chinese Tallow ( <i>Triadica sebifera</i> )
- Garlic Mustard ( <i>Alliaria petiolata</i> )
- Oriental Bittersweet ( <i>Celastrus orbiculatus</i> )
- Saltcedar ( <i>Tamarix ramosissima</i> )
